About Us

3

From its very inception in 2019, Melati Wangsa Resources was founded on the core concept of offering the very finest in construction at a rate that is value for money. Specialising in fit-out works, we have been able to grow in strength with every passing year whilst priding ourselves on customer satisfaction and quality of service. Our unwavering commitment to excellence has served us well in our bid towards earning recognition, both globally and locally. This is reflected in our work at the No. 5, Jalan Meru Bestari A4, Medan Meru Bestari, 30020 Ipoh Perak. With a paid up capital of RM100,000.00 and a Project Team that boasts over 10 years of experience, Melati Wangsa has worked with organisations from the Supply Material for Construction and Interior Design works. It was during this time that Melati Wangsa found its niche and began specialising in commercial retail spa and boutique offices with a strict adherence to health and safety guidelines. We believe that as time progresses, the luxury of developing material for construction works will become scarce due to the unavailability of space. The best way to combat this growing concern would be to focus instead on crafting interiors that fully maximise space while being cost effective and visually pleasing. Having garnered more than one decades of invaluable experience in the industry, we look forward to achieving many more significant milestones in the years to come.
