REF: INVITON FOR INTERSHIP

We, NIHON ENGINEERING SERVICES , have created several opportunities to provide internships to the students of your esteemed Politeknik . We have several opportunities in different domains under the **Engineering (Civil, Mechanical, Electrical, Mechatronic), Accounting and Information technology**. We believe that students are looking for an early career start with an esteemed company in or near their hometown. NIHON ENGINEERING SERVICES in one such company, can provide a career start to your students.

We are aware that Professional Degree / Diploma require students to go through an internship programme as part of their curriculum, which provides them with insight into an office and field environment. We look forward to inviting students for internships. We are happy to invite a number of students from any stream of your institute for an Internship Programme with us for a **(Latihan Industrial -LI)** Internship.

Training will be provided by the company on major aspects of career growth. After completing the internship, they can also be offered an on-roll job based on their performance. Please revert to us with the details of interested students, their academic track record and their availability for us to set up the detailed program.

Sincerely,

NIHON ENGINEERING SERVICES
