

### **Company Overview:**

Worldwide Entech Sdn Bhd (WETSB) is one of Malaysia's leading waste management and waste-to-energy (WTE) companies. Since 1995, we have been committed to turning waste into clean and sustainable energy while delivering reliable environmental solutions. As industry pioneers, we introduced Malaysia's first engineered sanitary landfills, inert landfills and landfills-gas power plants. Today, we manage the majority of Selangor's waste and continue to support the state's environmental needs through modern and efficient waste-to-energy operations. At WETSB, our mission is to drive innovation, sustainability and environmental stewardship. We now welcome motivated candidates to join our team and gain hands-on experience in a forward-thinking, green-technology environment.

### **📌 Internship Opportunity**

Are you passionate about sustainability and the environment? Do you want to gain hands-on experience in the exciting field of Waste to Energy (WTE)? Join us for an enriching internship where you'll get to work on real projects, collaborate with industry experts, and contribute to making a positive environmental impact! 🌍

**Position:** Intern – Landfills Operation and Waste to Energy (WTE)

**Location:** Jeram, Selangor / Tanjung 12, Kuala Langat.

**Allowance:** RM1,000 per month

### **Key Responsibilities**

- ✓ Support daily operations of Landfills and Waste-to-Energy (WTE) facility
- ✓ Assist in monitoring plant performance and environmental compliance
- ✓ Participate in data collection, reporting and process improvement tasks
- ✓ Contribute to operational efficiency and sustainability initiatives
- ✓ Work closely with the technical team on related tasks and projects

### **Qualifications**

- Diploma in Environmental Engineering, Mechanical/Electrical Engineering or related fields
- Strong interest in renewable energy and sustainability
- Good communication, problem-solving and teamwork skills
- Willingness to learn and adapt in a dynamic work environment

### **What We Offer**

- Hands-on exposure to real WTE operations and green technologies
- Guidance from experienced engineers and industry specialists
- Opportunity to contribute to sustainability and environmental projects
- Monthly allowance of RM1,000.
- Potential full-time employment upon completion of the internship based on performance.

**How to Apply:** Interested candidates are invited to submit their resume and cover letter to [hr.environment@whb.com.my](mailto:hr.environment@whb.com.my) with the subject line "WETSB Internship". Applications are open until **30<sup>th</sup> May 2026**. Placement is based on First Come, First Serve. Early applications are encouraged.

Join us at Worldwide Entech Sdn Bhd and help shape the future of sustainable energy!
